Erasmus+ (ERASMUS+)

Erasmus+ is the EU's programme to support education, training, youth and sport in Europe. It offered a life changing experience to more than 10 million participants over the last 30 years, and will continue offering opportunities for a wide variety of individuals and organisations for the next seven-year lifecycle (2021-2027).

Find calls for proposals and tenders

Search calls for proposals by keywords, programme parts, ... View (266)

Calls for Tenders are not available when you have selected a programme [See all Calls for tenders published by EC](#)

Priorities

The aim of Erasmus+ is to support the educational, professional and personal development of people in education, training, youth and sport, to contribute to sustainable growth, quality jobs and social cohesion, to drive innovation and to strengthen European identity and active citizenship.

In the period 2021-2027 Erasmus+ will continue building on its successful and broad experience focusing on three horizontal priorities: inclusion and diversity, digital transformation, environmental sustainability

In particular, the Programme will support

1. school development and excellent teaching;
2. the Copenhagen process on vocational education and training;
3. the renewed EU agenda for higher education and the Bologna process;
4. the renewed EU agenda for adult learning;
5. the renewed EU youth strategy; and
6. the EU work plan for sport.

Specific issues tackled by the programme include:

Encouraging young people to take part in European democracy

Terms and Conditions for the Submission of Applications

Please read and accept this disclaimer to proceed with the creation of your draft proposal:

Proposal data

1. Confidentiality: Applications (and any additional information provided for the award) will be considered confidential and treated according to the same principles as those set out in the grant agreement. We may in particular have to share applications with other EU institutions and bodies in order to perform the pre-award checks required by the EU Financial Regulation. Please also be aware that we may have to publish the information contained in the Abstract/Short Summary and Keywords in Part A. Please avoid adding any confidential information in that section.

2. Access to pre-registration data: Please be aware that certain information from the draft proposals will be accessed by us before the call deadline, in order to plan the evaluation. This concerns call ID, topic ID, type of action ID, participant identification code (PIC), project acronym, abstract, panel and keywords.

☒ I agree that the pre-registration data becomes available to the European Commission services prior to call closure.

☐ I wish that the pre-registration data does not become available to the European Commission services prior to call closure. (Applicants are advised to use this option only in well justified cases, as it hinders the planning of the evaluation process and the timely processing of proposals).

Technical requirements

3. Part B file format: Part B of the Application Form (Technical Description) must be uploaded as PDF (equivalent to Adobe Acrobat v5 or higher, with embedded fonts).

4. Part B page limits: Applications are subject to the page limits set out in the call conditions. Excess pages will be made invisible and not available to the evaluators. Mandatory annexes and supporting documents do not count towards the page limit.

5. Time constraints: Preparation and uploading of the files in the Submission System may take some time. Don't wait until the end. Problems due to last minute submissions (e.g. congestion, etc) will be entirely at your risk.

Submission

6. Applications must be submitted before the call deadline. You can withdraw your application or make changes to it, provided this is done before the call deadline. Submission of a new application overwrites the previous version.

Personal Data

7. Personal data linked to the application evaluation or award of grants, prizes and contracts will be processed in accordance with the applicable data protection rules.
